Dear Seymour:

This is just an official letter to let you know that your visit has been approved by regular channels and that we will expect you and Vicky to begin working here on June 1, 1962, for the summer months.

As understood from our conversations, your salary, Vicky's salary, and traveling expenses will be covered by your own grants.

I am looking forward to a profitable summer of research.

Sincerely,

Boris Rotman  
Head, Biochemistry Section
